Dear Friends,

Joelene and I would like to invite you to join us as we travel together to the Holy Land to explore and visit the sites where Jesus walked, where miracles were performed, and where Jesus died and was resurrected - for us. This will be our fifth trip to Israel and each journey is more exciting than any of the previous ones. Once you visit the Holy Land, you will never see or read the Scriptures the same again. Every time you read about places such as the Sea of Galilee, the Garden of Gethsemane, the Mount of Olives, Bethlehem, or Megiddo (site of the future battle of Armageddon), the Word of God will come alive for you in ways you can't imagine. To walk in the footsteps of Jesus and other heroes of the faith will be moments you never forget.

And this year, we are offering an added, optional trip to Istanbul, Turkey. Formerly Constantinople, this city of 15 million is the gateway between Europe and Asia, is steeped in ancient history and is a place of breathtaking architecture and culture.

We would love to share this great opportunity with you and believe it will be the trip of a lifetime for every person who joins us. We look forward to traveling with you.

WHY VISIT THE HOLY LAND?

Experience the footsteps history preserves and walk where others before us have walked, where the Bible unfolds and grants testimony to the land where our ancestors dwelled, where faith was tested, where miracles occurred, where prophets inspired, where Abraham led, where Jesus pledged, and sense the presence of God.

Stand where biblical events took place with our ancestors and exult in the promise of their legacy.

In Israel, the Bible truly comes to life...
Once you visit Israel, your life will be eternally changed.

OCTOBER 22 – 25, 2022

A Taste of Turkey and its significance in Early-Christianity

At the time of early-Christianity, Asia Minor (today's Turkey), was one of the most important lands. It was the center for the growing Christian movement in the early centuries. Most of the city names mentioned in the Bible are here, and two-thirds of the New Testament had been written to, and from, the churches located in Turkey.

Ephesus

Ancient Ephesus in Turkey is amongst the most important sites of significance or the faith-inspired visitor. Many of the city's graceful buildings remain standing today. Dedicated to Artemis, the ancient city boasted a gigantic temple to the goddess that was one of the Seven Wonders of the Ancient World. Tradition holds that St. John brought the Virgin Mary to Ephesus after the Crucifixion and that she lived in a small stone house (Meryemana Evi) on what is now Mt. Koressos (Bulbuldagı). A popular place of pilgrimage for Christians and Muslims, the house has received the official sanction of the Vatican. A commemoration service is held annually on August 15, the Feast of the Virgin. The Third Ecumenical Council was held in the Basilica of the Virgin Mary in Ephesus in 431 AD. In the modern town of Selcuk, adjoining ancient Ephesus, stands the Basilica of St. John, said to have been constructed above the saint's tomb, and the Isabey Mosque, built in the Seljuk period.

Izmir (Smyrna)

Set on a coastline which resembles the delicate tracery of handmade lace, we find Izmir, the "Pearl of the Aegean." It was in this region, a land of "eternal spring and harmony," that the foundations of western civilization were laid. Homer was born here. The Church of St. Polycarp, the "anchor" of the Seven Churches, in the oldest church in Izmir.

Istanbul

The only city in the world built on two continents, Istanbul, stands on the shores of the Istanbul Bogazi, the Bosphorus, where the waters of the Black Sea mingle with those of the Sea of Marmara and the Golden Horn. Here, on this splendid site, Istanbul guards the precious relics of the three empires (Eastern Roman, Byzantine, and Ottoman) of which the city always served as the capital, a unique link between east and west, past and present.

This historic and magnificent city is fascinating and vividly alive. Beneath the unchanging skyline of Istanbul's domes and minarets, there is a continual bustle and movement of the crowd, the rumbling of vehicles along the ancient cobbled streets, the incessant coming and going and calls of street sellers mingling with the sounds of visitors looking for some exotic tale to weave into their stories of their travels. You can enjoy the beauty of the unique landscape while sailing back through history to Byzantine and Ottoman times and view this stunning domes, mosques, palaces, and castles. The Roman Hippodrome, Hagia Sophia, Museum of Archaeology, and the famous Grand Bazaar are but small pieces of thread that blend colorfully and richly into the textured fabric of all visitors' experiences in Istanbul.
