Dear Friends,

Come join Debi and me in the Land of Israel.

Walk the ground that Jesus and His disciples walked.

This will be a spiritual journey unlike anything you have ever done. Just imagine stepping off the plane in Israel and immediately feeling the presence of God, a tear rolls down your cheek as you start up the jet way. I will never forget the first time I knelt down to pray in the Garden of Gethsemane. What a special place: You can just envision Jesus praying before the crucifixion. Then there is the Garden Tomb, the presence of God just envelops you. You find yourself, along with others, automatically talking in a hushed voice as they reverence God in the surroundings. Pray at the Western wall with believers from around the world. As an added bonus, see Mount Carmel where Elijah called down fire from God. It is awe-inspiring.

We all have mental pictures we develop as we read the Bible. Traveling to Israel will completely change your perspective. Imagine reading your Bible no matter where you are and the visions of the Holy Land make the scriptures come alive. Life is a Journey and each day is an Adventure. We invite you to join us for the trip of a lifetime.

Pastor Ray and Debi Stanton
